

Abstracts of free papers presented at the annual meeting of the Obstetric Anaesthetists' Association, Manchester, 19 & 20 May 2016

(The presenter is underlined)

ORAL PRESENTATIONS

- O1 Quantification of haemodynamics and myocardial tissue characteristics in healthy pregnant women and women with preeclampsia using cardiac magnetic resonance** S6
SS Chen, L Leeton, AT Dennis
- O2 Fibrinogen concentrate versus placebo for treatment of postpartum haemorrhage: a multicentre, prospective, double-blind randomised control study (OBS2)** S6
D Bruynseels, J Dick, CD Elton, S Mallaiah, RE Collis on behalf of OBS2 collaboration
- O3 Transnasal Humidified Rapid-Insufflation Ventilatory Exchange (THRIVE): an optimal method of pre-oxygenation for general anaesthesia in obstetrics** S7
E McMaster, E Gent, T Mahendrayogam, A Surendran
- O4 Efficacy and safety of intravenous carbetocin as a bolus compared to a short infusion for caesarean section** S7
S Dell-Kuster, I Hoesli, O Lapaire, E Seeberger, LA Steiner, HC Bucher, T Girard
- O5 Tranexamic acid in obstetric haemorrhage: is it for everybody?** S8
R Harris, E Jackson, J Keough, H McNamara
- O6 Maternal outcomes in women with aortopathy: experience in a tertiary joint cardiac obstetric centre** S8
EV Plunkett, S Bull, R Gertig, RK Morris, TJ Selman, PJ Thompson, S Bowater, P Clift, L Hudsmith, S Thorne, PA Moore
- O7 The incidence and outcomes of anaphylaxis in pregnancy: a UK population-based descriptive study** S9
S McCall, K Bunch, P Brocklehurst, K Hinshaw, JJ Kurinczuk, DN Lucas, B Stenson, D Tuffnell, M Knight
- O8 National survey on training and assessment of competency of midwives managing epidurals** S9
RA Lewis, C Joannides, H Swales
- O9 Regulation of leukocyte caspase-1 activity by bupivacaine in labour** S10
A Gutierrez del Arroyo, S Patel, A Crean, J Sanchez, AL David, R Fernando, P Sultan, GL Ackland
- O10 Active warming for elective caesarean section: a randomised controlled trial** S10
MJ Woolnough, RS Newton, M Walters, R Chebbout

POSTER PRESENTATIONS

- P1 Changes in rotational thromboelastometry (ROTEM) parameters during the first, second and third trimesters of pregnancy** S11
F Bowden, A Bhalla, S Kelly, F Hayat, P Edmonson, H McNamara, P Barclay, C Chevannes, S Mallaiah
- P2 Closed-loop feedback computer-controlled phenylephrine for maintenance of blood pressure during spinal anaesthesia for caesarean section: randomized comparison of automated boluses versus infusion** S11
WD Ngan Kee, YH Tam, KS Khaw, FF Ng, SW Lee
- P3 Codeine for postnatal analgesia: friend or foe? A re-audit of post caesarean section pain control following MHRA guidance** S12
V Bell, T Petty, C Laxton
- P4 Emergency drugs in obstetric anaesthesia: a quick reference guide** S12
L Emmett, R Harris, I Hassan, J Tozer
- P5 Pulmonary aspiration during pregnancy or immediately postpartum in the UK: a two-year national descriptive study** S13
M Knight, D Bogod, DN Lucas, A Quinn, JJ Kurinczuk
- P6 Reducing spinal hypotension during caesarean delivery with glycopyrrolate: a meta-analysis** S13
SD Patel, AS Habib, S Sodha, B Carvalho, P Sultan
- P7 Regional variation in the use of de novo regional anaesthesia for caesarean delivery** S14
PM Barclay, LH Nyman
- P8 The association between maternal size and outcomes for women undergoing for caesarean section: a multicentre prospective observational study (The MUM SIZE Study)** S14
AT Dennis, K Lamb, M Tew, K Dalziel, P Clarke, J Lew, D Story, A Parker, G Teale, S Simmons, D Casalaz
- P9 The effects of audit and research in postpartum haemorrhage: benefits for all!** S15
T Moses, D Leslie, SF Bell, RE Collis

- P10 Unforeseen benefits of an enhanced recovery programme for elective caesarean section on postoperative length of stay after emergency caesarean section** S15
SE King, SS Kumar, JH Francis
- P11 Anaesthesia for abnormally invasive placenta** S16
NJ Taylor, R Russell
- P12 Carbetocin for elective caesarean delivery: impact on use of second-line uterotonics** S16
LS Meshykhi, M Nel, C Papageorgiou
- P13 Carbetocin use following caesarean section: a clinical audit of current practice** S17
P Reide, J McEwan, D Growcott
- P14 Incidence of and factors associated with severe postpartum haemorrhage after elective caesarean section in a UK tertiary hospital** S17
M Rabie, S Sebastian, J Edwards
- P15 Interventional radiology procedures for emergency and elective obstetric cases: a reduction in blood loss versus potential complications** S18
K Livingstone, B McCreath, A Jenkins
- P16 Major obstetric haemorrhage management in placental pathology cases** S18
K Livingstone, E McGrady
- P17 Management of postpartum haemorrhage related anaemia with ferric carboxymaltose** S19
TA Cope, CJ Ralph
- P18 Postpartum haemorrhage: is it nice to follow NICE?** S19
Z Gaballa, S Sukumaran, P Rose, R Harris
- P19 A review of maternal sepsis care admissions in a tertiary hospital over three years: can we do better?** S20
K Richardson, K Grailey, S Wray
- P20 Accidental dural puncture in a large tertiary obstetric department: quality improvement of services, patient follow-up and outcomes over the course of one full year** S20
KL Pearson, S Chapman, L Dubiel
- P21 Audit of enoxaparin prescription (timing and dose) post caserean section** S21
B Og McAlary, E O'Kane, R Laird
- P22 Does the dural puncture rate change whilst trainees learn to perform obstetric epidurals?** S21
JA Fasham, EJ Drake, J Coghill, JR Sneyd
- P23 Epidural test dose in obstetric population in the presence of a dural breach: a case series** S22
RP Kaur, S Gowrie-Mohan, K King, N Goetze
- P24 Failed intubations in obstetric anaesthesia: patient or staff factors?** S22
RL Freedman, S Paramanathan, DN Lucas, PN Robinson
- P25 Making the Sepsis Six count on a high-risk pregnancy unit, delivering an improvement in sepsis care** S23
N Pritchard, S Wray, K Richardson, K Grailey, S Montes
- P26 The development of a protocolised pathway and checklist for the management of post-dural puncture headache following an audit of current practice** S23
S Bampoe, M Butcher, E Evans
- P27 Anaesthesia for category 1 caesarean section: time for a top-up?** S24
D Leslie, R Jones, M Oliver
- P28 Categorisation of caesarean section: a difference of opinion?** S24
MD Heald, KE Cullis
- P29 Category 1 urgency within the Robson caesarean section groups: a pilot study** S25
S Tetlow, SM Kinsella, E Treloar
- P30 Do we need routine anti-emetics as part of an enhanced recovery bundle following elective caesarean section?** S25
R Hart, S Hannah, C Greenhalgh
- P31 Immediate birth: an analysis of women undergoing time critical birth in a tertiary referral obstetric hospital** S26
M Warren, J Kamania, AT Dennis
- P32 Impact of anaesthetic technique on regional anaesthesia to general anaesthesia conversion rate for elective caesarean section: an audit standard** S26
K Ayub, N Patel, A Stewart, R Bell
- P33 Is mean body temperature a cause of shivering during elective caesarean section under spinal anaesthesia? A pilot study** S27
CJ Mullington, RE Bartlett, JE Terry, DA Low, PH Strutton, S Malhotra
- P34 Patient perspectives of enhanced recovery: the development of a 'patient passport' and an evaluation of its impact on mothers' experiences** S27
K Dua, S Bampoe, E Evans
- P35 Switching to propofol for general anaesthetic caesarean section: one institution's experience** S28
CA Battle, NA Muchatuta
- P36 A four year review of eclampsia managed in the intensive care unit: lessons learnt** S28
AU Otegbeye, OK Idowu

P37	Anaesthetic management of twin deliveries at a tertiary care centre: a service provision project	S29
	<u>N Hyndman</u> , M Molloy	
P38	Analgesic requirements and pain experience after caesarean section under neuraxial anaesthesia in women with preeclampsia	S29
	<u>AT Dennis</u> , S Mulligan	
P39	Dosing spinal anaesthesia for very preterm caesarean section: ongoing uncertainty	S30
	<u>NJ Tweed</u> , E Lewis	
P40	Estimation of maternal cardiovascular risk using the modified World Health Organisation risk classification and correlation with outcomes	S30
	<u>RA Jadhav</u> , O Lubeigt, B Reeve	
P41	Maternal morbidity: an analysis of high dependency unit care in pregnant or recently pregnant women	S31
	<u>AT Dennis</u> , E Chambers	
P42	Service evaluation: failed attendance at the antenatal anaesthetic assessment clinic	S31
	<u>DA Wotherspoon</u> , JA Pickett, ME Jones	
P43	The influence of booking body mass index on method of delivery, anaesthetic intervention and risk of general anaesthetic in women undergoing induction of labour	S32
	<u>A Anwar</u> , P Yoxall	
P44	The prone position in preeclampsia	S32
	<u>AT Dennis</u> , L Hardy, L Leeton	
P45	A national survey of anaesthetic trainee views on neonatal life support in obstetric practice	S33
	R Ayyash, <u>L Molus</u> , F Pearson, S Cope, M Millar, G Lear	
P46	Anaesthetic experience before basic level obstetric anaesthesia module: should CT2 trainees work unsupervised?	S33
	<u>SA Hannah</u> , N Logan, E McGrady	
P47	Human factor training for the multidisciplinary team	S34
	<u>SC Monks</u> , K MacLennan	
P48	Impact of night shifts on fatigue and cognitive function of healthcare professionals on the maternity unit	S34
	<u>M Salman</u> , R Monteiro, SM Yentis	
P49	Obstetric emergency training in a rural South African hospital: simple measures improve knowledge	S35
	<u>RS Monteiro</u> , P Letchworth, J Evans, M Anderson, S Duffy	
P50	SAFE obstetrics course: education aimed at reducing maternal mortality in Zambia	S35
	<u>EL Coley</u> , R Colhoun, P Bonnett	
P51	Using OAA-DAS guidelines to aid decision making following failed intubation at caesarean section	S36
	NA Muchatuta, <u>R McKendry</u>	
P52	Keeping babies with mum in the ICU; a survey of practice in Scottish adult intensive care units	S36
	AL Capek, <u>K Lake</u> , K Litchfield, T Quasim	
P53	Labour analgesia for patients under the age of 16: an OAA approved survey	S37
	<u>SM May</u> , Z Hussein, S Das, A Man	
P54	Management of failed spinal component of combined spinal-epidural anaesthesia: a national survey	S37
	<u>S Soltanifar</u> , N Green	
P55	OAA survey of partners in theatres	S38
	<u>C Watts</u> , S Al-Rawi, P Mackie, R Lewis	
P56	Oral intake in labour: a survey of departmental guidelines	S38
	<u>AD Combeer</u> , EL Combeer	
P57	Rapid sequence induction for caesarean section: a survey of practice	S39
	<u>NA Stewart</u> , M Pachucki, H Davies, L Herbert, N Kellie, H Parker, S Muddle	
P58	Survey of CTG interpretation and training amongst obstetric anaesthetists	S39
	S Jafri, <u>K Dua</u> , E Evans	
P59	Survey on consent and counselling following blood transfusion under general anaesthesia in obstetrics	S40
	<u>P Stevens</u> , R Swanton	
P60	The impact of NAP5 on obstetric anaesthesia: an OAA approved UK survey	S40
	SD Patel, M Columb, <u>YM Liu</u> , R Fernando	
P61	Uptake of influenza vaccination by labour ward staff	S41
	<u>AH Carter</u> , A Dawson, SM Yentis	
P62	Development of a labour ward teaching programme for the use of ultrasound for central neuraxial blockade	S41
	<u>B Bellew</u> , P Kamath, S Nizar, V Sodhi	
P63	Flow characteristics of Luer/non-Luer spinal needles	S42
	<u>RS Monteiro</u> , A Pillai, SW Choi, D Bogod, SM Yentis	

- P64** **GlideScope® video laryngoscopy is better than direct laryngoscopy in a simulated difficult obstetric airway** S42
A Kurvey, V Betharia, G McNamara, A Bewlay, M Pimblett, K Scullian
- P65** **Impact of changing from 16- to 18-gauge Tuohy needles for labour analgesia in a large district general hospital** S43
D Helme, A Roberts, J Stevens, P Richardson, E Morgan
- P66** **Inadvertent perioperative hypothermia in obstetric theatres: a complete audit cycle** S43
R Chebbout, RS Newton, MJ Woolnough
- P67** **LockIt Plus reduces the rate of failed epidural analgesia and increases maternal satisfaction** S44
S Bampoe, PM Odor, C Johnston, E Evans
- P68** **Minimal benefit of cell salvage with estimated blood loss of less than one litre at caesarean section: a service evaluation in a tertiary centre** S44
S Yeung, V Karthikeyan, I Wrench
- P69** **Pre-puncture ultrasound imaging of the lumbar region in elective caesarean section cases** S45
K Suri Mohanram, M Tennant, S Pokhrel
- P70** **Spread of a pump delivered epidural bolus compared to a manual syringe bolus** S45
M Fleet, P Kamath, JP Campbell, GM Stocks
- P71** **Waiting for CSF: how long is enough?** S46
RS Monteiro, M Cox, SM Yentis
- P72** **A repeat audit of parturients desire for information about rare complications of regional anaesthesia** S46
EV Plunkett, K Cullis
- P73** **An evaluation of postpartum analgesia requirements: development of pre-packaged discharge analgesia for enhanced recovery** S47
TW Ng, R Mangwiro, CK Rajani, N Patel
- P74** **Anaesthetic involvement in provision of second trimester medical termination of pregnancy** S47
A Abu-Arafeh, A Wise
- P75** **Comparing need for anaesthetist-assisted boluses between patient-controlled epidural analgesia and midwife-led top-ups: midwives do it better than machines** S48
S Nizar, K Richardson, S Kale, GM Stocks
- P76** **Evaluation of the use of remifentanyl patient-controlled analgesia at the Simpson's Centre for Reproductive Health between June 2011 and October 2014** S48
A Wise, MV Thomas
- P77** **High- versus low-dose transversus abdominis plane block for analgesia post-caesarean delivery: a meta-analysis** S49
S Sodha, AS Habib, S Ng, B Carvalho, P Sultan
- P78** **Maternal mobility and epidural analgesia satisfaction with programme intermittent bolus** S49
SD Balakrishnan, A Philips
- P79** **Postoperative analgesia for elective caesarean section with oral diclofenac or ibuprofen: steps to improve analgesia as part of an enhanced recovery package** S50
N Ungureanu, A Azhar, K Cullis
- P80** **A case of perimortem caesarean section with survival following out of hospital cardiac arrest** S50
J Murley, P Mallett, B Anigbogu, R Smith, J Nortje, M Morosan
- P81** **Acute aortic syndrome in pregnancy: endovascular management** S51
CV Collinson, A Milne, G Morrison, C Love, N Palaniappan
- P82** **Dural puncture: a pain in the neck with cervical radiculopathy but no headache** S51
GV Crossingham
- P83** **Seizures in the paralysed parturient: eclampsia or autonomic dysreflexia?** S52
B Hockenfull, J Dyer, J Goude
- P84** **Severe headache after neuraxial analgesia** S52
CH Malcolm, M Ochoa-Ferraro, J Corfe
- P85** **Thrombotic thrombocytopenic purpura in pregnancy: a diagnostic emergency** S53
C Bryant, M Drake, C McLintock, L Hughes
- P86** **Undiagnosed idiopathic syringomyelia and failed spinal and epidural: causation or coincidence?** S53
J Lewis, I Saule
- P87** **Massive thrombus and cardiac arrest during elective caesarean section** S54
KA Holdom, E Hartsilver
- P88** **Use of ultrasound guidance for epidural blood patch following unintentional dural puncture** S54
Z Hajat, VJ Wilson, F Roberts
