Abstracts of the Annual Scientific Meeting of the Obstetric Anaesthetists’ Association, 2021

(The presenter is underlined)

**ORAL PRESENTATIONS**

**O.1 Coagulation factor levels during severe postpartum haemorrhage**
  J FM Pereira, PV Jenkins, R Collis, L De Lloyd, P Collins

**O.2 A comparison of apnoeic oxygenation techniques in the obstetric population: a modelling investigation**
  M Laviola, A Pillai, D Stolady, R Ellis, J Hardman

**O.3 High-flow humidified nasal oxygen versus facemask oxygen for preoxygenation of pregnant women: a prospective randomised controlled crossover study**
  PCF Tan, PJ Peyton, J Unterscheider, A Deane, I. Leeton, AT Dennis

**O.4 Day surgery for caesarean section: an observational study**
  G White, A Clark

**O.5 COVID-19, category 1 caesarean sections, decision-to-delivery intervals and neonatal outcomes**
  N Tageldin, F Michelotti, E Elsayed, K Bhatia, M Columb

**O.6 Laboratory biomarkers of severe COVID-19 in pregnancy**
  C Coomber, V Jenkins, R Collis, P Collins, L de Lloyd

**O.7 iChew: chewing gum to prevent nausea and vomiting after caesarean section under spinal anaesthesia**
  R Bowe, R Irwin, G Browne, M Harbison, S Gallen, PJ Yore, E MacGearailt, P Popivanov, T Tan

**O.8 Operator risk factors for accidental dural puncture rate in obstetrics**
  J Kirby, R Baraz

**O.9 Going viral: enhanced recovery after planned caesarean delivery during a global pandemic**
  N Brown, AR McCallum, R Kearns, K Litchfield

**O.10 Morbid obesity and caesarean section: the impact of BMI on anaesthesia and surgical duration**
  J Critchely, F Denison, M Horne, N Lone, E Wastnedge, A Wise

https://doi.org/10.1016/j.ijoa.2021.102987
POSTER PRESENTATIONS

P.1 Deprivation and SARS-CoV-2 in obstetric patients
   RJ Kearns, AR McCallum, R Campbell, M Shaw, K Litchfield

P.2 Complaints analysis in obstetric anaesthesia: can we learn from Scottish ombudsman enquiries?
   A Cormack, F McMorrow

P.3 D-dimers are elevated in pregnant women with and without COVID-19
   C Coomber, M Adamson, P Collins, R Collis, V Jenkins, Y Metodiev, L de Lloyd

P.4 ROTEM parameters during pregnancy: a meta-analysis
   AM Ronenson, EM Shifman, AV Kulikov, YS Raspopin

P.5 Association of body fluid distribution with obstructive sleep apnea in pregnant women with body mass index $\geq$ 40 kg/m$^2$: a prospective observational pilot study
   J Wicker, CV Maxwell, K Downey, M Singh, M Balki

P.6 Labour epidural made safer
   T Al-Ani, R Agaram

P.7 Clopidogrel and the newer antiplatelets with a focus on regional anaesthesia: a systematic review
   M Nana, H Morgan, S Moore, Z Lee, E Ang, C Nelson-Piercy

P.8 Anaesthetic outcomes in pregnancy complicated by SARS-CoV2
   NG Verma, C Conroy, J Vanhoutte, DN Lucas, AL Richardson

P.9 Therapy optimization in massive obstetric haemorrhage
   V Sedinkin, E Klygunenko

P.10 Bedside haemostasis measurement and risk of neuraxial block in preeclampsia
    AJ Malin, G Garvey, O Henry, J Holmes, HM McNamara

P.11 Labour ward theatre: insider participatory action research exploring how to enhance practitioner wellbeing
    CM Wood, M Chambers

P.12 Utilisation of sympathetic block as a modality of block assessment for caesarean section under neuraxial anaesthesia
    A Richardson, E Donaldson, J Wild, J Hoyle, DN Lucas

P.13 Allowable blood loss calculator for caesarean section: proof of concept
    RCM Dunn, A Clark

P.14 Impact of implementation of enhanced recovery after surgery protocol in elective caesarean section
    S Choudhary, S Gupta, A Baghel, K Sharma

P.15 Neuraxial block monitoring after epidural analgesia for labour
    S Berry, J McPherson, F Pearson, A Quinn

P.16 Neuraxial analgesia in labour: maternal and neonatal outcomes in a tertiary hospital
    AIP Pereira, DCLF Fernandes, AIA Amorim, SMCZ Zenha

P.17 An audit of workload and changes to anaesthetic practice during the initial wave of COVID-19 pandemic
    N Ledlie, S Dondapati, R Akhtar

P.18 The bupivacaine guessing game: variance in spinal local anaesthetic volume for preterm caesarean delivery
    R Campbell, H Andrews, M Broom, M Loy
P.19 Characteristics of SARS-CoV-2 positive obstetric patients within one UK health board
AR McCallum, N Brown, K Litchfield, R Kearns

P.20 COVID-19 and obstetrics: comparing the "Waves"
AR McCallum, N Brown, R Campbell, K Litchfield, R Kearns

P.21 COVID-19 and category 1 caesarean sections: effect of anaesthetic practice changes on maternal and neonatal outcomes
AR McCallum, M Shaw, K Litchfield, MA Broom, RJ Kearns

P.22 Reasons for providing general anaesthesia for elective caesarean section
AR McCallum, K Litchfield, RJ Kearns

P.23 Effect of ROTEM on management of abnormally invasive placentas in a tertiary referral centre
JC Crofton-Martin, MJ Woolnough

P.24 FFP use during major obstetric haemorrhage: can we support a volume triggered approach?
FA McConaghie, I Hayward

P.25 Improving antenatal anaesthetic assessment and dissemination of information to parturients with a high body mass index
A Dean, L Arrandale, S Griffiths, S Bourke

P.26 Routine use of tranexamic acid during elective caesarean section: a district general's experience
R Cross, C Murphy, C Kan

P.27 Anaesthesia at the extremes of obstetric haemorrhage
KMA Smith, N McGuinness, R McFarland, H McNamara

P.28 Prevention and treatment of neuraxial opioid-induced pruritus after caesarean section in a New Zealand secondary hospital
LA Newby, KL Webster

P.29 Predicting post-delivery anaemia: development of the MABL table

P.30 Obstetric admissions to the intensive care unit: focus on major haemorrhage and role of the high dependency unit
L Al-Ani, MA Broom

P.31 Trainee exposure to general anaesthesia for caesarean section
C Haugh, D Kelly, I O'Gorman, R ffrench-O'Carroll, S Smith

P.32 Intrathecal anaesthetic drug dosing strategies for repair of perineal tears: an evaluation of current practice
M Ince, R Clark

P.33 A five-year review of parturients with valvular heart disease: experience in a tertiary obstetric centre
K Kalopita, J Niewiarowski, D Iyer, R Russell

P.34 Parturients perspective of the obstetric ward round: 2017 vs 2020
DW Walker, FA Atalla, MW Wee

P.35 Post-dural puncture headache in a DGH: a decade after MBRRACE-UK
M Gotecha, L Agocs, D Chitre

P.36 Improving patient safety and the way we work: obstetric anaesthetic records at Altnagelvin Hospital
C Small, ROK Laird

P.37 "To PIE (B) or not to PIE (B)?" A prospective audit of patient controlled epidural analgesia (PCEA) efficacy for labour at a large tertiary centre
A Dean, C Lloyd, O Sherwood, N Nguyen-Lu

P.38 Impact of COVID-19 pandemic on anaesthetic technique for caesarean section
J Kazda, A Jacob
P. 39 Caesarean section anaesthesia: audit of technique and failure rate in a tertiary obstetric hospital
GG Garvey, PS Sturgess

P. 40 An audit of anaesthetic practice and associated neonatal outcomes for category 1 caesarean sections during the initial wave of the COVID-19 pandemic
N Ledlie, O Mohammed, S Dondapati, R Akhtar

P. 41 Assessing and predicting adequacy of discharge analgesia after caesarean section
G White, S Brown, P D Wild, A Clark

P. 42 Quality of recovery following intrathecal morphine versus diamorphine for elective caesarean delivery at a tertiary centre
S Ciechanowicz, M Oyewole, G Neall, N Patel

P. 43 Impact of the COVID-19 pandemic on obstetric anaesthesia: a service evaluation
AA Rimmer, E Thomas, OD Thomas, D Helme, J Tozer

P. 44 Telephone anaesthetic preoperative consultation: patient satisfaction service evaluation
M Round, R Dunham, L Harkett, B Lewis, A Whapples, E Plunkett

P. 45 Maternal, anaesthetic and neonatal outcomes in pregnant women with mechanical prosthetic valves
SR Roberts, A Naqvi, K Bhatia, L Simcox, S Vause

P. 46 Carbetocin vs oxytocin in the prevention of postpartum haemorrhage in caesarean section: a retrospective analysis
V Mahinthan, A Nicklin, T Tanqueray

P. 47 Airway assessment on the labour ward
J Sturrock, J Robertson, N Alexander

P. 48 Evaluating outcomes for patients undergoing category 4 caesarean sections on delivery suite compared to a dedicated elective list
K Makam, R Kunte

P. 49 Time to see baby? When are mothers offered the first opportunity to hold their babies during caesarean section?
EM Casely, DN Lucas

P. 50 Factors affecting patient reported satisfaction with epidural analgesia during labour in Mayo University Hospital (MUH) and University Hospital Galway (UHG)
R O'Neill, T Wall, J Costello

P. 51 What a difference a year makes! Anaesthesia for category 1 caesarean section during the COVID-19 pandemic
R Wilkinson, P Johnson, M Entwistle, HM McNamara

P. 52 Quantity and type of social distractions in obstetric anaesthesia
M Takenoshita, E O'Kelly

P. 53 Introducing NRFit needles for all neuraxial procedures is not associated with an increased incidence of post-dural puncture headache or failed spinal anaesthesia
N George, I Hatcher, J Broadway, G Bostock

P. 54 Evaluation of carbetocin use during caesarean section and instrumental deliveries in the operating theatre
E Joynes, I Gardner

P. 55 Service evaluation of accidental dural puncture follow-up and outcomes in the Royal Gwent Hospital
S Cassidy, K Foxwell, E Morgan

P. 56 Modified Cappuccini: it's not just trainees who need back up
M Perera, A Elkhawad, T Clewley, S Baron, S Sudan, A Medniuk

P. 57 Retrospective review of conduct of general anaesthesia for caesarean section in a tertiary maternity unit
D Kelly, C Haugh, L O’Gorman, S Smith
P.58 Use of video information to assist the consent process for epidural analgesia in labour
   M O'Riordan, A Hickey, T Tan

P.59 What lies beneath, then and now: comparative audit in an obstetric HDU
   E O'Riordan, C Haugh, P Popivanov, T Tan

P.60 A one-year analysis of labour epidural top-ups and failure rates for operative intervention on delivery suite
   J Bennett, V Jain

P.61 Evaluation of major obstetric haemorrhage management in a tertiary unit
   T Keown, CTE Groves, E Smith, F Choksey, S Quasim

P.62 Regional analgesia and anaesthesia for the super morbidly obese parturient
   NA Kennedy, A Nicklin, A Pastides, M Parisaei, SP Murray

P.63 The rapid rise in service demand, body mass index and medically complex pregnancies at a tertiary high-risk anaesthetic antenatal clinic
   A Dooley, S As-Sultany, E Djabatey

P.64 Assessing the compliance to an enhanced recovery after surgery for caesarean section program using protocol-determined factors
   G Gormley, S Ilyas, R Hiscock, S Simmons

P.65 Anaesthetic considerations and outcomes in 90 pregnant women with COVID-19: a prospective observational study
   O Sherwood, J Lee, A Dean, E Bryson, C Smith, K Millar, N Nguyen-Lu

P.66 A re-audit of epidural analgesia for labour at a tertiary maternity unit
   SF Higgin, K Whitehouse

P.67 A review of fluid balance documentation in high-risk obstetric women on our maternal high dependency unit
   A Sieunarine, J Lloyd-Evans, J Stevens

P.68 Neurological complications after epidural catheter insertion for labour analgesia: an observational study including more than 92% of deliveries in Malta
   GP Abela, B Thornton, P Attard Cortis, P Calleja

P.69 Evaluating the introduction of intrathecal morphine for caesarean section
   LC Manser, E Gerrans, CA Battle

P.70 Stay home: the effect of COVID-19 on post-operative length of stay in obstetric patients
   J R Brown, I Wrench, P Sawford

P.71 Effect of primigravida, multiple pregnancy and mode of delivery on critical care interventions necessary in an obstetric high dependency unit
   J Gardner, K Lake, N Logan, K Litchfield

P.72 Response time for the provision of epidural labour analgesia
   C Ochukpue, S Omran

P.73 Challenges of maintaining enhanced recovery for obstetric surgery: five years experience at a tertiary centre
   M Oyewole, G Neall, S Ciechanowicz, N Patel

P.74 Enhanced recovery for obstetric surgery in Scotland: improving mobilisation post-spinal in elective caesarean sections
   K Morrison, R Ellis, S Cross

P.75 Enhanced recovery after elective caesarean section
   C Cushley, L Jordan

P.76 Introduction of an obstetric simulation programme to meet training needs during the COVID-19 pandemic
   H Moxon, K Turner, A Sawyerr, K Hamilton
P.77 Skin-to-skin care during caesarean section in two obstetric units
KV Bosworth, Y Mustafa, M Aukland, A Bhat, G Kelly

P.78 Tackling antenatal anaemia: a quality improvement project
N Baban, C Oliver, KE James, A Robb, L de Lloyd, R Rayment, S Bell

P.79 A care bundle to improve perioperative care of women having caesarean section under general anaesthesia using appreciative methodology
G Crossingham, G Dalton, T Harris, R Okunola, E Phu, M Smith, A Tharmaseelan

P.80 Enhanced maternity care in a tertiary obstetric unit: what are we delivering and how can we improve?
PM Wallace, A Ali, S Sharma, L Cohen, S Bell

P.81 Peri-operative analgesia for third degree perineal tear repairs
RA Milton, A Kurvey, E Van Der Heiden

P.82 Improving anaesthetic maternity follow-up through adoption of electronic maternity records
R Butterworth, S Todd, C Dickson

P.83 Administration of low-molecular weight heparin following caesarean section for the prevention of venous thromboembolism
N Siddiqui, K Whitehouse

P.84 Managing maternal anaemia at Royal Cornwall Hospital: iterative improvements year on year
J Beresford Davies, E Fontaine, K Sprigge

P.85 Re-audit of the management of blood product administration for major obstetric haemorrhage
D Iyer, J Niewiarowski, K Kalopita, R Russell

P.86 Feedback of major obstetric haemorrhage simulation training
R Man, S Munshi

P.87 Use of spinal prilocaine in obstetric anaesthesia
M Belete, A Mills

P.88 Local anaesthesia use on the labour ward
A J Langdon, P Chakraborty, L Fruggeri

P.89 A new teaching programme for novices in obstetric anaesthesia: Basic Obstetric Anaesthetic Skills Training (BOAST)
A Ebejer, T Newton, N Jenkins

P.90 Impact of coagulation result delays on transfusion practice in major obstetric haemorrhage
F Breckenridge, S Woldman, R Carney, J Roberts, R O'Connor

P.91 Evaluation of a new pan-London virtual epidural training course for midwives
P Gaur, SJ Park, P Khadanga, G Stocks

P.92 Keep it simple!
R Lewis, M Morosan, M Purchase

P.93 Relationship between remifentanil PCA usage and the Anaesthetic Topics for Midwives (AToM) course
NJ Hogan, O Licari

P.94 Post-dural puncture headache: four year review of a tertiary maternity hospital in Qatar
U Mushtaq, G Massolini, S Nahid

P.95 Trends in rocuronium use in obstetric anaesthesia and monitoring and documentation of neuromuscular block
E Elsayed, C Robinson
P.96 Development of effective and safe virtual pre-operative assessment during the Covid-19 pandemic through utilisation of teledmedicine: a quality improvement project in a stand-alone maternity hospital
E O'Riordan, A Hickey, L O'Gorman, M O'Riordan, M Ma, T Tan, P Popivanov

P.97 Enhancing multidisciplinary communication in emergency obstetric surgery during the COVID 19 pandemic
FE Roberts, H Yeeles, K Marks, J Douglass

P.98 Introduction of a ‘Pain Medication Tracker’ to aid post-discharge analgesia compliance as part of an enhanced recovery after surgery for caesarean section program
G Gormley, S Ilyas

P.99 Empowering midwives with arterial-line management
J Dickerson, C Rowan, P Hartley, O Licari

P.100 Association between umbilical cord, maternal and neonatal sodium concentration using cord gas point-of-care analysis to expedite a diagnosis of peripartum hyponatraemia
L Carlson-Hedges, A Pillai

P.101 Fluid management in labour ward: aiming to improve practice
N Gautam, O Osagie, K Bruce-Hickman, K Stoddard, F Plaat

P.102 Uterotonic drug use: a snapshot of clinical practice within obstetric departments in the UK
R Patel, P Shinde, C Talati

P.103 Programmed intermittent epidural bolus protocols: an international survey of programmes currently used
C Lloyd, A Dean, N Nguyen-Lu

P.104 Survey of practice of anaesthesia for obstetric perineal tears
M Ince, R Clark

P.105 Survey of drugs used in obstetric emergency general anaesthesia in South Yorkshire Teaching Hospitals
RH Hawes, R Harrold, SHARC Group, E Cromarty

P.106 Post-spinal patient satisfaction survey
AC Boyd, K Whitehouse, SJ Worthy

P.107 Obstetric epidural trolley cleanliness audit
Y Mustafa, Y Chikermane

P.108 Developing a guideline for escalation to seniors: a survey of current perspectives
K Jerram, E Tyagi

P.109 Rapid sequence spinal - Encouraging open minded obstetric anaesthesia in the era of COVID-19
CM McGlennan, FV Menezes, YM Liu

P.110 Never confuse a single defeat with a final defeat: what to do when the drugs don't work
PM Douglass, A Mohabir, M Size

P.111 Anaesthesia for the pre-term parturient: a local survey of anaesthetic and obstetric practice
ST Nava, LC Jordan, TN Cominos

P.112 Lumbar neuraxial ultrasound made easy
T Al-Ani, R Mckinnon, J Sisk

P.113 A national survey analysing the provision of high dependency and enhanced maternal care on delivery suite
KJ Cranfield, CJ Pollard, S Cook, I Clements, K Roberts

P.114 Survey of current practices for stopping clear fluids before an elective caesarean birth
M Robson, E Evans
P.115 Timing is everything: labour epidurals and anticoagulants
K Rhodes, B Madhavan

P.116 Assessment of patient safety culture in the theatre unit of an Irish tertiary maternity hospital
S Cassidy, A O'Donoghue, N Hayes

P.117 Anaesthetist experiences of interpretation services on labour ward
J Dickerson, F Breckenridge, A Primrose

P.118 Postoperative monitoring following neuraxial opioid administration for caesarean sections across maternity units in the Republic of Ireland: a national survey
A Hania, L Rahmani, J Smith

P.119 Time to improve maternity care by provision of 24-hour echocardiography services: a survey on ECHO services - recommendation versus reality
RJ King, D Verma

P.120 ASA grading in obstetrics: too laborious to deliver?
N Bargaje, V Gupta, A Patel

P.121 Acute consumptive coagulopathy in a SARS-CoV-2 positive patient
G Knight, B Myers, R Banzal, R Leighton

P.122 Amniotic fluid embolism: a description of coagulopathy
C Oliver, J Freyer, M Murdoch, V Jenkins, P Collins, L DeLloyd, R Collis

P.123 Peripartum spontaneous coronary artery dissection
C Armstrong, G Best, S Marcus

P.124 Ruptured renal artery aneurysm in pregnancy
EA Lowis, M Simpson

P.125 McArdle’s disease: case report of a rare condition in pregnancy
D Iyer, J Niewiarowski

P.126 Facial nerve palsy following accidental dural puncture
EM Casely, K Basavaraj, ECB Harty, DN Lucas, AL Richardson

P.127 Clostridium perfringens bacteraemia in pregnancy: haemolysis, haemorrhage, haemodialysis and hyperkalaemic cardiac arrest
D Ginty, K Cranfield

P.128 A haemodynamic conundrum in pregnancy: severe aortic regurgitation secondary to a quadricuspid aortic valve complicated by severe preeclampsia
MW Gibbs, AM Oliveira, LD Dougall, NL Fernandes

P.129 Acute starvation ketoacidosis in third trimester with COVID-19
JM Wong, E Fawcett, A Bevan, T Tanqueray

P.130 Insulinoma in pregnancy
B Ordys, E Doublal, A Wise

P.131 Peripartum management of a patient with previous Ebola virus infection
V Thwaites, T Murphy, EC Thomson

P.132 Subdural haematoma formation: a rare complication of dural puncture during epidural insertion
A Louis, K Upadhyaya

P.133 Spinal anaesthesia for caesarean section in a patient with undifferentiated intracranial lesion: importance of risk stratification in optimised management
D McDonald, M Ravindran
P.134 Severe maternal mitral stenosis: regional anaesthesia for caesarean delivery
A Hassan, J Neely, B Parizkova, ME Jones, JA Pickett

P.135 Postpartum multi-organ dysfunction: a diagnostic dilemma
P Verghese, V Sundaram

P.136 All that fits isn't eclampsia
E Lau, A Bunce, A Banks

P.137 A case of leprosy in the UK
H Andrews, K Lake, R Kearns

P.138 Perioperative management of gestational hypertriglyceridermia-induced acute pancreatitis in a 37 week parturient
A Prasad, A Gadre, S King

P.139 Anaesthetic management of a parturient with lamellar ichthyosis undergoing caesarean section
S Mohammed, S Mungroo, M de Peiza, C Wilson

P.140 Emergency caesarean section for a parturient in acute respiratory distress due to COVID-19
B Ong, I Luqman, U Nair, H Kapaya

P.141 Emergency caesarean section complicated by paternal susceptibility to malignant hyperthermia
M Watanabe, E Yarnold, P Dewan

P.142 Anaesthetic management of a parturient who developed acute pulmonary embolism during labour
S Bi, U Nair, S Nidhanee, S Choppala

P.143 Unusual leg pain in pregnancy: a case report of acute compartment syndrome
S Wydall, N Nguyen-Lu, K Cheesman

P.144 Magnesium toxicity complicating a rare presentation of severe pre-eclampsia
D Kelly, R ffrench-O’Carroll, M Ma

P.145 Birt-Hogg-Dube syndrome: a rare case of pneumothorax
P Hartley, T Murphy

P.146 A fortuitous discovery from a (ante-cubital) fossa failure
J Pearson, L Swan, K Whitehouse

P.147 Management of coagulopathy induced by postpartum haemorrhage utilising thromboelastography in a COVID positive patient with liver cirrhosis and portal hypertension
K Joshi, A Depala, S Pandya, S Harrison, C Kidel

P.148 Uterine rupture in a non-labouring parturient
AD Small, MG Williams

P.149 Emergency caesarean section at 31 weeks in an ICU patient with severe Covid-19
S Eswarappa, M Agarwal, A Wills

P.150 SARS-CoV-2 causing septic shock in pregnancy
MT Roach, S Munshi

P.151 Respiratory failure from COVID-19: use of CPAP with spinal anaesthesia for caesarean deliveries
AM Tiah, A Sharma, A Mathews

P.152 The anaesthetic management of a patient with bilateral foot drop for caesarean section
SA Sheehy, E Theron, M Melvin

P.153 Postpartum subarachnoid haemorrhage
E Prusak, R Dumpala
P.154 Anaesthetic management of a dichorionic pregnancy in separate uterine compartments
   E Chohan, J Neves

P.155 When the patient would rather run for the hills than encounter the anaesthetist
   MA Walters, A Gandhi

P.156 Fractured spinal needle: a rare, but potentially dangerous, complication of spinal anaesthesia
   JAJ Harper, WDH Lakshman

P.157 Emergent acute kidney injury during labour
   SJ Cheuk, ME Molloy

P.158 Maternal cardiac arrest on labour ward
   M Vadher, P Corson, K Von Klemperer, B Singer, M Naik

P.159 Glucose-6-phosphate dehydrogenase deficiency in pregnancy: what's the anaesthetic plan?
   A Stout, A Wise

P.160 Bernard-Soulier syndrome: peripartum management of a rare bleeding disorder in pregnancy
   M Murnin, ME Molloy
